ThisIsLondon, Mar 31, 2007.In George Orwell's dystopian classic 1984, protagonist Winston Smith purchases a diary and begins recording his secret thoughts therein. As a literary convention, Winston's diary entries help move ...As Winston has written in the last portion of the journal entry, the Party was able to control Winston more effectively than simply torturing him. By allowing Winston to realize that the Party can wipe him from all traces of history simply if necessary, Winston's life is in their hands, not his own. Also, by keeping the date of his rearrest/execution a mystery, he doesn't know when the Thought ...
