Download Around the World in 80 Days today, or play this and 2400+ other top games online for free at GameHouse. Parents need to know that Around the World in 80 Days is a 2004 adaptation of the Jules Verne novel. There is a lot of slapstick-, cartoon-, and action-style violence, including many crotch injuries, but no one is seriously hurt. To start off, this is a classic book. If this was a badly written book, I don't think it would be a classic. Around the World in Eighty Days tells the adventures of Phileas Fogg, a man who made a wager of twenty thousand pounds that he could go all the way around the world in exactly eighty days.
