Beyond Good and Evil 5 of 301 Germans invented gunpowder—all credit to them! but they again made things square—they invented printing.) But Beyond Good and Evil PREFACE SUPPOSING that Truth is a woman—what then? Is there not ground for suspecting that all philosophers, in so far as they have been dogmatists, have failed to understand “There is no such thing as moral phenomena,” writes Friedrich Nietzsche, “but only a moral interpretation of phenomena.” And in “Beyond Good and Evil” he tries, in his poetic and aphoristic best, to put a question mark over the historical validity of the latter.
