

Download Java Tree Bird Stand

At Ryan's Javawood, we manufacture high quality natural products for your pet birds, reptiles, and hamsters. Our products are beautifully designed by nature itself. One of the most important purchases you will make for your companion birds new home is a natural Java Wood bird stand. The Java Tree is a natural tree perch made from a single coffee tree when the tree becomes non-productive. Bird Paradise's Java Wood Tree Bird Stands are unique products from non-productive coffee trees using natural, renewable, recycled and earth-friendly materials that make the best parrot stands, African Grey and Conures stands, stands for cages, or table top stands that add a great looking addition to your home as well as play stand for your ... The Java Tree is a natural tree perch made from a single coffee tree of 25 to 35 years of age when the tree becomes non-productive. Each tree is handpicked as less than one percent of the coffee trees are suitable.
