Driven by a passion for continuous learning, Instructure is a software company that helps users improve education and development. Our products include Canvas, a learning platform for K–12, further ed, and higher ed, and Bridge, an employee development and engagement solution for businesses. Canvas by Instructure is the LMS that gets used. Canvas connects teachers, tools, ideas, and students, and then stays out of the way. Instructure, Inc. is an educational technology company based in Salt Lake City, Utah. It is the developer and publisher of Canvas, a Web-based learning management system, and Canvas Network, a massive open online course (MOOC) platform. Utah.bridgeapp.com is not yet effective in its SEO tactics: it has Google PR 0. It may also be penalized or lacking valuable inbound links.
