

Download What Is The Weight Of A German Shepherd

A German Shepherd dam will normally whelp (give birth to) between six and eight puppies. While there are exceptions, at this litter size, the puppies will normally be about 1% of the mother's pre-pregnancy weight. This map shows how many German Shepherd Dogs are posted in other states. Click on a number to view those needing rescue in that state. This map shows how many German Shepherd Dogs are posted in other states. Click on a number to view those needing rescue in that state. The German Shepherd (German: Deutscher Schäferhund, German pronunciation: [ˈdɔʏtʃəʁ ʃɛˈfɛrˌhʊnt]) is a breed of medium to large-sized working dog that originated in Germany.
